

NEW DIRECTIONS IN CBT

WEBINAR SERIES

Discover CBT for Psychosis: recovery is possible!

EVENT 2

DR. DOUGLAS TURKINGTON
PSYCHIATRIST

DR. LUCY STEVENS
CLINICAL PSYCHOLOGIST

NORMALISING EXPLANATIONS AND STRATEGIES TO REDUCE STIGMA IN PSYCHOSIS

This webinar is specifically aimed at mental health professionals and friends and families of those affected by psychosis.

Key Learning Points:

Learn how common hallucinations and paranoia are in the general population, develop individualized explanations for psychosis, destigmatise the label of 'schizophrenia', reduce self-stigma, identify positive aspects of psychosis and how to establish a recovery trajectory.

Teaching Modalities:

Interactive Role Plays (50%) Didactic (50%)
